

TRADUCENDO ^{ltd.}

TRANSLATION SPECIALISTS

ABOUT US

We are a young and dynamic translation agency operating out of several European countries, offering reliability and professionalism that is appreciated by a high-level international clientele.

We are an ethical agency that promotes optimal working conditions for our colleagues, and we are committed to environmental sustainability and energy saving.

QUALITY

We ensure the utmost reliability thanks to a careful proofreading process combined with multi-level quality checks for each translation.

To this end, we use only the best software and resources available, which allows us to maintain consistency in terminology, ensure fast deliveries and apply appealing discounts for large projects.

WHAT WE OFFER

- Extensive client-based experience
- Innovative translation services at competitive prices
- A wide variety of specialisations and working languages
- Efficient handling of large projects
- Punctuality and flexibility
- 24/7 Availability

GUARANTEE

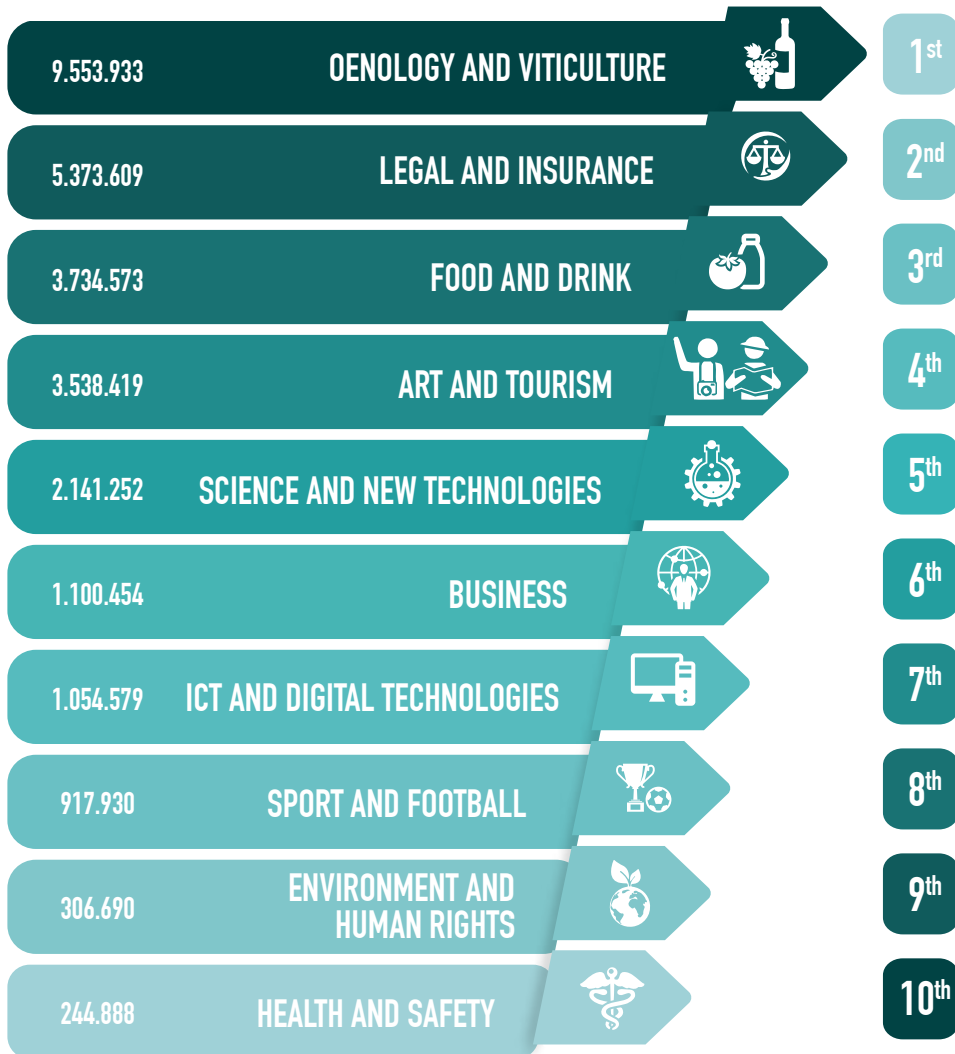

*We offer our customers the opportunity to re-submit translated documents to us for further revisions and adjustments at no extra cost for the first **12 months** after delivery.*

*We strictly adhere to the requirements of standard **ISO 9001**.*

*To ensure confidentiality, our translators follow a strict **ND policy** for every translation they receive.*

SOME OF OUR END CLIENTS

GO GREEN

The environment is very dear to us: we have minimised our paper consumption, we use energy-efficient electronic devices and our filing systems are entirely digitised.

In addition, every year we compensate for our CO₂ emissions by investing in reforestation projects. Your documents help to protect the planet!
